LinkedIn: linkedin.com/in/omar-rehann | **Website:** omar-rehann.github.io

Summary

Frontend Developer specializing in React.js with hands-on experience building responsive and scalable web applications. Proficient in modern JavaScript (ES6+), TypeScript, and Git-based workflows. Passionate about clean code, performance optimization, and delivering user-centric UI/UX solutions.

EXPERIENCE

Frontend Developer Intern   Jul 2024 – Aug 2024

Information Technology Institute (ITI)   Egypt

- Completed intensive training in HTML, CSS, JavaScript, Bootstrap, jQuery, and Sass
- Built interactive web applications with clean code practices
- Utilized Git and GitHub for version control and team collaboration

PROJECTS

Medical Website

- Modern and responsive medical platform built with React.js
- Features: medical departments, doctors profiles, appointment booking, health content
- Focus on clean UI/UX, component-based architecture, smooth navigation
- **Live Demo**: https://omar-rehann.github.io/Medical-Website/

E-Commerce Web Application

- Responsive online shopping website with product listing and cart functionality
- Implemented modern UI/UX practices and clean code
- **Live Demo**: https://omar-rehann.github.io/Ecom-Hub/

Admin Dashboard

- Responsive and interactive admin panel with authentication and protected routes
- Dynamic data visualization using interactive charts (Chart.js)
- Reusable components and scalable architecture
- **Live Demo**: https://omar-rehann.github.io/Admin-DashBoard/

INote Tech Company Website

- Responsive company site with Home, About, Services, Join, and Blog sections
- Interactive UI components and animations for better user experience
- **Live Demo**: https://omar-rehann.github.io/INotee-Company/

Personal Portfolio

- Personal showcase of front-end projects, creative CSS art, and bilingual content (English Arabic)
- Clean code, responsive design, user-centric interface
- **Live Demo**: https://omar-rehann.github.io/Omar-Rehann/

YouTube Clone

- Responsive video-streaming interface replicating YouTube core features
- Video listing, search, sidebar navigation, dynamic routing (React Router)
- **Live Demo**: https://omar-rehann.github.io/Youtube-Clone/

EDUCATION

Port Said University Faculty of Science   2022 – 2025
Bachelor of Science in Computer Science   Port Said, Egypt

- Grade: Very Good

SKILLS

Frontend & Web Development: HTML5, CSS3, Responsive Design, JavaScript (ES6+), TypeScript, React.js, Redux Toolkit, React Router, Bootstrap
