

# Walaa Gamal

**Ux / Ui Designer**

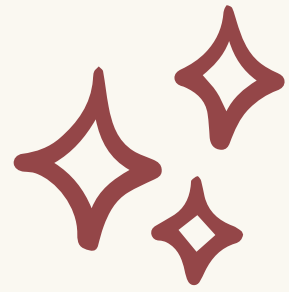

# About Me

## Who I Am

I am a UI/UX designer with a medical background, passionate about creating digital solutions that improve user experiences in the medical, educational, and business fields. My goal is to design interfaces that are not only visually appealing but also accessible, practical, and user-friendly.

hello

The image features a light cream background with two large, dark red, organic shapes in the corners. One shape is in the top right, and the other is in the bottom left. The text 'Thank You' is centered in a bold, dark brown, rounded font. The word 'Thank' is on the first line, and 'You' is on the second line. To the left of 'Thank' are two paperclip icons. To the right of 'You' are three starburst icons. The text is set against two horizontal, light pink brushstroke-like backgrounds.

 **Thank**

**You**
